~ This month, the Tulare County Museum has arranged for veterans to speak to classrooms about the importance of Veterans Day and the centennial of the American Legion.

~ Teachers who invite veterans to speak in their classrooms can also have their students participate in writing messages to active service members and veterans on poppies. The poppies will be displayed at the museum's Veterans Day Celebration and then distributed to active services members and veterans through the program. Last year, the museum collected over 2,000 poppies for distribution. Teachers interested in participating in the Tulare County Museum's Veterans Day Celebration are encouraged to contact Amy King (559) 625-7326.
